

Prénom : Michel

Nom : MAFFEI

Liste de Publications 2009-2013 :

"Synthesis of β -aminovinylphosphonates by organocatalytic nucleophilic displacement of acetate with amines", C. Garzon, M. Attolini, M. Maffei, *Tetrahedron Lett.*, **2010**, *51*, 3772–3774.

"Synthesis of Cycloalkenyl Geminal Bisphosphonates by Ring Closing Metathesis", S. Mohamed, Y. Charmasson, M. Attolini, M. Maffei, *Heteroatom Chemistry*, **2010**, *21*, 332-338.
"Organocatalyzed Synthesis of α -(substituted Methyl)vinylphosphonates", C. Garzon, M. Attolini, M. Maffei, *Synthesis*, **2011**, 3109-3114.

"Synthesis of Azaheterocyclic Vinylphosphonates by Ring-Closing Metathesis"
C. Garzon, M. Attolini, M. Maffei, *Eur. J. Org. Chem.*, **2013**, 3653-3657.]

Liste de Communications 2009-2013 :

"Synthèse de β -aminovinylphosphonates cycliques et acycliques en vue de leur évaluation biologique"

M. Maffei

GECCO 51, 29 Août-3 Septembre 2010, La Grande Motte

"Synthesis of heterocyclic and carbocyclic vinylphosphonates with biological activities"

M. Maffei

International Conference on Phosphorus Chemistry (ICPC XVIII), 11-15 Juillet 2010, Wroclaw (Pologne).

"[3+2] Cycloaddition of α -(azidomethyl)vinylphosphonate with alkynes : the beneficial use of ionic liquids"

M. Maffei

International Conference on Phosphorus Chemistry (ICPC XVIII), 8-12 Juillet 2012, Rotterdam (Pays Bas).

Conférences sur invitation

"Organocatalyzed syntheses of functionalized vinylphosphonates"

M. Maffei

4th Global Congress of Catalysis, 29 Juin-1^{er} Juillet 2013, Dalian (Chine)
